

The Rocky Mountain Railroad Club

presents a special excursion aboard the

SILVER SKY

Allen Green Photo

Saturday, March 28, 1987

Relive the days of the Vista-Dome equipped lounge car and join us aboard our chartered dome-lounge-observation car **SILVER SKY** for a memorable ride into the Colorado Rockies in the consist of the D&RGW's famous Winter Park Ski Train. This will be a unique opportunity to experience this most classic of streamlined passenger cars over one of America's most impressive mountain rail lines.

Shortly after our 7:30 A. M. departure from Denver Union Station a buffet breakfast will be served by the car's experienced staff as we begin our 57 mile climb into the Rockies. Upon arrival at Winter Park, a number of pre-arranged activities will be available. A 2 hour Winter Park Ski Area snowcat tour or a special snowcat tour tracing the Rollins Pass Moffat Grade to Rifle Sight Notch (conditions permitting) will be ready for boarding for those who have selected either of these options. Those who bring their downhill or cross country skis may begin their day's activities just a short walk from the train. Other passengers may elect to board a chartered bus to visit Fraser and Tabernash to photograph the Ski Train and Amtrak's California Zephyr. Upon returning to Winter Park around noon (lunch on your own) a short railroad movie will be shown in the lodge. After our 4:00 P. M. departure, complimentary snacks and beverages will be served to all aboard our private car.

So whether your interests lean toward scenery, skiing, photography, railfanning or just escaping the "winter doldrums", this special excursion will be just right for you! To insure your participation in this unique experience aboard the **SILVER SKY** send your check or money order promptly to the Rocky Mountain Railroad Club, P.O. Box 2391, Denver, Colorado 80201. Please include a stamped, self-addressed envelope. For additional information you may call (303)693-7922 or 572-7868 during evening hours. Thank you.
