

Uhrich Locomotive Works Shop Tour, Museum Visit, Picnic Lunch, Train Ride and Movie

Saturday, May 8, 2004

Meet at the shop in Strasburg at 9:00 AM

The Uhrich locomotive machine shop at Strasburg is known throughout the United States for their work on locomotives and train cars as well as many other projects. While touring the machine shop, RMRRC and NRHS members and friends will see the brass casting process. We will visit the museum before lunch then ride the train at the Thain Ranch. In the middle of the afternoon we will see a movie in the restored theater in Strasburg. The event chairman is Barry Smith.

Strasburg is along the original Kansas Pacific Railroad mainline, now the UP KP line, and is considered by many to be the first true transcontinental railroad across the US. The 1870s railroad line through Denver and north to Cheyenne was the complete route because the railroad bridge across the Missouri River between Council Bluffs, Iowa, and Omaha, Nebraska, was not completed until 1872.
